TECHNICAL SPECIFICATIONS

The link between past and present is reflected in many architectural details and the exceptional high ceilings up to 6.1 metres. Enter the building through one of the most prestigious lobbies in Vienna, listed staircases and grand rooms with high ceilings. A personal concierge will assist residents with any request. Also included within the development is a wine cellar and underground parking with electric car charging. The property is located very close to the Stadtpark of Vienna and was built at the beginning of the 20th century in a Neo-Renaissance style, now it is largely heritage protected. The high-end renovated penthouse has two floors and offers several terraces, a rooftop terrace with fantastic urban views and an outdoorpool with jet stream. The inviting entrance to this turn-key apartment leads directly to an amazing, open living and dining area with roomhigh glazing and magnificent views to the urban landscape. This stunning apartment fascinates with a lot of luxury amenities like a stone kitchen, french balconies, wood panelling, moulding, fully equipped wardrobes, steam rooms and a spectacular outdoor pool. The development faces the square "Börseplatz" an inner-city park, which is named after the stock exchange. The stock exchange represents the Ringstrasse architecture and was built more than a century ago and is an architectural masterpiece. Börseplatz 1 is a block away from the Ringstrasse, without any doubt one of the most beautiful boulevards in Europe and is situated just 900 m from St. Stephens Cathedral.

ABOUT THE AREA

Austria is a German-speaking country in Central Europe, characterized by mountain villages, baroque architecture, Imperial history and rugged Alpine terrain. Vienna, its Danube River capital, is home to the Schönbrunn and Hofburg palaces. It has counted Mozart, Strauss and Freud among its residents. The country's other notable regions include the northern Bohemian Forest, Traunsee Lake and eastern hillside vineyards.

Vienna, Austria's capital, lies in the country's east on the Danube River. Its artistic and intellectual legacy was shaped by residents including Mozart, Beethoven and Sigmund Freud. The city is also known for its Imperial palaces, including Schönbrunn, the Habsburgs' summer residence. In the MuseumsQuartier district, historic and contemporary buildings display works by Egon Schiele, Gustav Klimt and other artists.
