## ABOUT THE AREA

Japan is an island country in East Asia, located in the Northwest Pacific Ocean. It is bordered on the West by the Sea of Japan, and extends from the Sea of Okhotsk in the North toward the East China Sea and Taiwan in the South. Part of the Ring of Fire, Japan spans an archipelago of 6852 islands covering 377,975 square kilometers (145,937 sq mi); the five main islands are Hokkaido, Honshu, Shikoku, Kyushu, and Okinawa.

Hokkaido, the northernmost of Japan's main islands, is known for its volcanoes, natural hot springs (onsen) and ski areas. Rugged Daisetsuzan National Park is home to steaming, volcanic Mount Asahi. Shikotsu-Tōya National Park contains caldera lakes, geothermal springs and a Mount Fuji look-alike, Mount Yōtei. Popular ski resorts include Rusutsu, Furano and Niseko.

Niseko is a town located in Shiribeshi Subprefecture, Hokkaido, Japan. To Japanese people, Niseko principally refers to a mountain range and a municipal area. Niseko is the most famous ski resort in Japan, and one of the most famous in the world. Renowned for its massive snowfalls every year, Niseko is particularly famous for having endless trails of light, fluffy, champagne powder snow, and spectacular backcountry terrain. With beautiful onsens and a vibrant culinary scene, more and more of the world's powder hounds are finding their way to Niseko.
